

RelianSys®

Transforming Governance

RelianSys® is Australia's leading provider of governance solutions for heavily regulated sectors.

Governance is complex and demanding. One lapse can have huge consequences for an organisation. Our suite of proven solutions puts you in control, and can be purchased by individual modules or as an integrated approach.

Transforming Compliance

RelianSys® Compliance is the proven solution, combining intuitive workflows with online legislative content. Known and trusted by Councils large and small, metropolitan and regional, for over ten years.

Discover how RelianSys® Compliance puts you in control of your organisational compliance. Experience our powerful and cost effective solution for yourself.

Streamlining the whole process with online registers of legislative obligations.

Driving efficiency by automating the hard work of deploying responsibility and verifying compliance performance.

Giving you full confidence with an ISO 19600 compliant system.

Fully integrates compliance with your internal policies and procedures.

Simplifying monitoring and reporting with clear, customisable, colour-coded reports.

Automated email reminders and escalations to ensure your compliance management is always current and effective.
