

RelianSys®

Transforming Governance

RelianSys® is Australia's leading provider of governance solutions for local government and other heavily regulated sectors.

Governance is complex and demanding. One lapse can have huge consequences for an organisation. These two proven solutions put you in control, and can be used separately or as an integrated approach.

Transforming Delegations

Do you find that keeping on top of who has power to act in your organisation is a difficult, resource-intensive job?

RelianSys® Delegations Software streamlines the onerous and complex task of creating and maintaining your Delegations Registers. RelianSys® Delegations transforms the way your Council manages delegations by:

Streamlining and simplifying your process

Saving you huge amounts of time

A complete solution with online Delegations library available

Update title changes in seconds – not days

Powerful reporting enables you to output Delegations by Position

Easily compare changes to delegations across time frames
