NEW in 2023
Corporate Planning Module

The latest addition to the RelianSys® Governance Suite is here!

Designed in consultation with our Local Government customers, the new **Corporate Planning module** includes a rich yet concentrated feature set to enable Councils to maintain control and visibility of strategic deliverables, and keep Management and the Community updated on progress.

This new module embodies the RelianSys® design principle of **simple, intuitive software that does the 'complex'** to deliver:

- **Essential features,** including new ones you've always wanted
- **Intuitive User Interface (UI)** - so even infrequent Users navigate the software with ease
- **Seamless workflows** for effective Corporate, Strategic and Operational Plan management

Corporate Planning module features include:

A comprehensive yet clear Dashboard

'Traffic Light' Visual Status Progress Tracking

Flexible Reporting

Multiple Approval Options

Field Name Customisation

Unlimited one-to-one training and support

Automated Plan Publication to Website

Bulk Edit Support
